

BRITISH INDIAN NURSES ASSOCIATION

British Indian Nurses Association (BINA) formed to provide the much-needed voice for the nurses of Indian origin within the UK healthcare system. BINA is here to provide the pastoral support to the newly arriving Nurses from India by working in partnership with NHSE/I, HEE, NHS organisations, voluntary sectors of faith groups, local culture based associations to make them “feel Like Home”.

BINA has expanded to form the regional groups and linking with hospital and private health care sectors, to work in partnership with BAME networks already addressing the inclusion agenda.

We are delighted that we have leaders from Management, Clinical, Academic, Research and corporate sectors to offer the support what the BINA members may require for their personal and professional development.

BINA

**UNITED WE CARE,
EMPOWERED
TO LEAD & SUCCEED**
